“ To Carolyn and Jocelyn,

*I remember her well. In years past I would see her in church all of the time. When I was the Parish Nurse she and I worked closely together to care for another parishioner that was a dear friend of hers. I was always very inspired by her generous gifts of time and talent.*

*She will be remembered fondly.*

“ What a wonderful woman who lived a long a full life. I remember going to her home every week with my mother and sister, as my mother did her hair every week. She always had plenty of candy for us kids and board games to keep us entertained. Also, she always had a puzzle on her dining room table that she was constantly working on. Which leads me to believe she may hold the record for most puzzles completed over a lifetime.

*She was a loving and caring person who was another grandmother to me. I am very sad at the thought of her passing but know she is in a better place in the hands of the Lord.*

*I hope that as we mourn her passing, we celebrate the life that she lived.*
