“ The best time of my life was being blessed to have Mr. Moreland as my 6th grade teacher at long gone Oxford Elementary. The class was filled with both 5th and 6th grade students. Mr. Moreland was far ahead of educational strategies at that time. Somehow he was able to individualize learning and maximized our abilities. Most importantly for me he was a fierce competitor. Whether it was ping pong, dodge ball or softball; he played to win. If you were tough enough to pull off a rare upset against him; it was celebrated as a life accomplishment. He was able to bring that competitive spirit and need to excel into the classroom.

The next year schools consolidated and I was shipped to Quaker City in my 7th grade year. I remember walking into my new class on that first day of school. Unbelievably there sat Mr. Moreland as my 7th grade teacher. I know this is getting long so in summary; Mr. Moreland ended up as my eighth grade teacher and first basketball coach in 7th and 8th grade. My three years with Mr. Moreland were by far my best learning years. He was my idol. I knew way back then that I wanted to be just like him when I grew up. I always wished I was able to tell him how much he meant to me and how much he molded my life.

Move forward many years. I made it through college while working at a local gas station. My degree was in education and my first teaching assignment was in that same classroom at Quaker City as a new 7th grade teacher. By the way I just happened to be tapped as the 7th and 8th grade basketball coach. I went on to have a very enjoyable career in education. As many do, I finished my career in various administrative positions. I retired with 41 years of service. Thank you Mr. Moreland for being a mentor, role model and friend. I am saddened to hear of your passing, but know we will meet again when I reach my eternal home. R.I.P. I wonder if they have a ping pong table in heaven?

“ To Fran and the entire Morland family:
Please accept my condolences for the loss of your husband, father,
and grandfather, Ed. He was my eighth grade teacher at
Londonderry Local School back in the early 1960's, and my very
first male teacher! He was an excellent educator who brought out
the best in us with enthusiasm, energy, and a twinkle in his eye. I
will always remember my last year at Londonderry those many
years ago with fondness and appreciation because of Ed.
With sincere sympathy,

“ I believe we were "Mr. Morland's" first class--8th (and 7th in same room) grade at Londonderry Local School. I remember he played Euchre with us at lunchtime when we couldn't go outside and Mr. Wendell Cox, Guernsey County Elementary Supervisor, would often join in for a game or two when he visited our school. Those were the days! My sincere sympathy to Mr. Morland's family. Cherish your memories.
