Known on the group as "Ladyreb" she will be so missed as her smile and sense of humour came over the internet without any problems..... no matter how bad her pain was. God looks after you now and your pain is all gone. Know that our love and prayers are with you my friend.*

*Penny & John Pat,*

*My best memories of your mom (my sister) was when I was growing up on the farm. There was 15 years difference between your mom and me. I always looked forward to when my big sis would come home....because when she did life was always fun and exciting. She taught me how to take care of myself as a young girl. I always thought your mom was beautiful with her long beautiful black hair. She was always trying to make life better for me and the rest of our family. When I left home and went out on my own and I had questions about our family and why things were the way they were when we grew up, she would always answer my questions and share the truth with me. Not everyone in our family could do that, but I was so grateful for Sally and for all the help, love, and support she gave me as I was trying to grow up and find my way in this world. May she rest in peace and may her family find comfort and peace during this difficult time.*

*Love,*
