“ I am not tech smart, so not sure if this message would go through. Darline was a faithful friend from the time I met her in 1963. She helped me thru raising all of my 10 children. She had excellent advice on what to do & what not to do with the kids. We enjoyed soooo many cups of coffee together. We solved all the problems in the world during our coffee brakes! Can't wait to see her again & continue our friendship.....God bless her family! Mary Moll

“ Growing up I remember Darlene coming over to visit with my mom every week over coffee and even though I was only 8 or 9 years old I recall them complaining a bit about their husbands now and then (surprise, now that I am married I see how that works). One week she brought two of her sons over with their bikes and while she and my mom were enjoying coffee we pushed our bikes to the top of crystal lake hill and decided to race down. Long story short I wrecked half way down and the Halter boys kept going and when I finally made it home Darlene was the only person that seemed to care about my well being.....I have many great memories of Norb and Darlene but for some reason that day sticks out as she seemed to be the only person that cared about my well being that morning. Love you and miss you
