“ *Dolly and I worked together at Broadmoor School for many years. I have so many fond memories of her and not only her great work ethic, but also her fabulous sense of humor. One day, when we were cleaning up the Early Intervention classroom after class, she found a tire from a toy truck. She handed it to me and said 'Here you go, Amie. You finally have a spare tire like me!' (She liked to tease me about being thin). To this day, it is still on my kitchen window sill and brings a smile and thoughts of wonderful Dolly when i see it. She was a true gem, a great friend, and a very generous, kind hearted person. God Bless you all as you learn to live a new 'normal' without Dolly in your lives. I lost touch with her over the years, but have truly fond memories that will live on. Amie Balale*

“ I have *MANY* wonderful memories of Dolly...from way back when Scott played soccer with my son Mark...and our kids were at Bellflower, to when we woked together in the Sensory Class at Broadmoor. Dolly was a natural in working with profoundly handicapped teens. She brought much joy and laughter into our classroom and into the lives of our students. She was an incredibly hard worker and a pleasure to work with. Then Dolly moved on to become the computer whiz for the early intervention program, and then the family "headed south." I lost touch but recently joined FB and sent a message to Dolly, but never heard back. i'm so sorry for your loss, Jack, Stacey and Scott. I know how much she loved all of you. Please remember that as you mourn the loss of her physical presence, she remains with you in every other way. Love, Leslie Brunner
