“ My name is Teresa Brokaw, and I took care of Elizabeth (Libby) for over a year. I work for the GC Senior Center, do home care and personal care for the wonderful senior population in our area. I went to help her out every Tuesday. I really enjoyed going to see her every week; we talked alot about life and she shared with me many precious memories of her entire life. I consider myself blessed to have been one of Libby's dear friends. Libby really enjoyed reading books. Wow and some of them had over 1000 pages. It fascinated me because she sometimes read them two or three times. With all our talks, she got me interested in the Twilight Saga. We even sat briefly and watched some of the movie Eclipse- before it came out! Needless to say our conversations about the whole saga got me hooked. She got a big kick out of that because until she told me of her interest in the books and movies; I had no idea what the Twilight Saga was or didn't even care. We only had two hours together every week, but we shared many memories throughout the year. I hope whoever gets her beloved "Kitty" will know what a great cat she is. Kitty will be lost without Libby. I was there enough to see they loved one another very much. I want to express my sympathy to the family. Our Lord Jesus has Libby in heaven now.
