“ I was saddened to hear about Esther's passing. I didn't know her that well but the few times I did talk to her she always asked how I was doing. She was such a sweet lady. My thoughts and prayers are with the family. Bless all of you.

“ I remember her as a classy and caring lady from my youth.

I would pick up her new ford (got a new one every year, I think) drive it to my fathers gas station in east Cambridge, wash it and return it to her.
