“ I didn't know gramps very well and I wish I had more time with him. From what I knew of him he was a good man and he will be missed by all who love him.

“ He will be missed for sure. I know one thing I'll miss is his awesome stories he used to tell. Gramps was always telling me jokes and making me laugh. I am so thankful that he and grandma helped to raise me. I never told either one of them but they were both like a second set of parents to me. I will never forget this kind loving man.

“ Gramps was one of the greatest men in our lives. I cherish many memories. He always taught me so many things. Fishing, gardening, wood working, bird watching, mushroom hunting and our many trips to the book mobile listening to oldies. Grandparents are the best. I love you so very much but I know you are in Paradise maybe doing some fishing or carving something out of wood.
