“ *With much sadness, I want to extend our condolences to Paul, Brett, and the rest of the family. We will always remember those times when Dr. Miller, our father Marshall Hubbard, Howard Mease , and Bill Thomas went on those canoe/ camping trips into Algonquin Park in Ontario. On an individual note, I always appreciated Doc's providing me (Mark) with the various nuggets of latest basketball news from the Cambridge area. A lot of great memories will always remain with Dr. and Mrs. Miller.

“ My condolences to the family. So sorry to hear of the loss of your loved one. My grandmother, Martha Lee, loved Dr. Miller. She trusted him and thought he was a wonderful man as did I. I took care of Grandma after cancer treatment in the late 60's. At the time, she was in terrible pain. When she was in the hospital, Dr. Miller told the family she "had three days to live." I believe It was a true miracle. Through it all, her faith in God and Dr. Miller saw her through this bad patch in her life. She lived to see my children born twenty years later. Dr. Miller, his wife and children touched many lives in our community. We are blessed to have known him and his family. Keeping everyone in our prayers.

“ *Brett, Paul, Joy, Libby and families.....Please know that the Steele family shares your profound grief with the passing of your father and brother. We are heart broken and lift up all of your extended family in prayer!*

Because I will be unable to attend the memorial service, I want to share some memories here in hope of providing comfort.

Our families have always been very close. We have vacationed together, gone on endless golf, shopping, and dining outings together, and essentially grew up together. Bud and Jo were our parent's dear friends. I recall Dr Miller making house calls from my very young age, bringing strep tests and antibiotics to doctor us. Additionally, Bud was the greatest diagnostician I have ever seen. He and I often referred to our in common undergraduate alma mater, Ohio Wesleyan University, as one of our best life decisions. His intelligence and compassion for humans and animals was something we shared. Doc and I shared a special bond on many levels including our love of music, sport, the arts, teaching and tutoring, the importance of volunteering and community involvement. And, most importantly, the essence of a strong and abiding faith.

Bud was my mentor in many ways. We both played French horn and Baritone and often discussed classical and march music. Every encounter with Doc Miller through all the years was positive, affirming, and uplifting. He is truly one of the finest men I have known.

I'm certain he is singing with the angels in Heaven and has reunited with his Joan, his Sally, his parents, and all of his colleagues and golfing buddies. Such a wonderful legacy he leaves with us. To the family, the Steele family prays for your finding peace and comfort in God's almighty loving arms and in being together as a family sharing many wonderful memories and stories about Bud!

May Dr Bud Miller forever rest in peace and join the many saints

who have gone home before him. I will deeply miss him and certainly will always love and remember my dear friend! God bless you all.
