“ I am an assistant principal at Washington-Marion Magnet High School where Mr. Shriver taught 1st period. Mr. Shriver was very bright. Once I passed his room where his students with their heads against the wall were attempting to lift a chair from the floor. Mr. Shriver was having great fun laughing at their attempts. They even had me attempt the feat. Mr. Shriver was always pleasant and professional. If he could not be at school, he would fax his assignments. I am sorry he is gone. Please accept his Washington-Marion Family's deepest sympathy. *###imported-begin##Sandie MacKnight###imported-end##*

“ The Barbe High School Community is saddened by the passing of Mr. Shriver. He was a very important part of our faculty and served the needs of our students enrolled in the Athletic Training Program. He was always willing to help our programs, stay the extra hours, and work one on one with our students. We thank him for his contributions to Barbe High School. *###imported-begin##Charles L. “ It is with sadness that I express my sympathy for the loss of Scott. Scott played a vital role in the development and implementation of a high school curriculum, which now serves five secondary schools in Calcasieu parish. It was his wish that we introduce the profession of Athletic Training to the secondary age level in order to increase the awareness and education of athletic health care. This program was considered by many certified athletic trainers to play a vital role in the positive progression of athletic health care in the state of Louisiana.
Thank you, Scott

“ I am saddened by the passing of Scott. I met him several times when I worked on a computer in his class. I remember that he was always smiling and was very friendly. We shared some common students and I remember that they were also very fond of him. He was an important part of Barbe High School.##imported-begin##Janice Patton##imported-end##
