“ I had three classes with jet. We have lots of memories together not all being very great but still so memorable. Me and jet would bicker with each other all the time but I still loved him dearly. He was always so caring. During the summer it was such a hot day and I had fallen in the woods and we were running around and he got us Twinkie's water and me a band aid because my knee was bleeding. He was so sweet and always willing to help. I wish he let others help him. He was truly an angel. One time he knocked over my can of soda and then we both went to pick it up and it got all over my lap and I remember I got so mad at him, but I laughed it off. He was the kid you couldn't be mad for more than two seconds at because he never meant to be mean he was always so happy. Another memory I have with Jet is just watching him play basketball at Wenzler and some days we would sneak by his house and he would always pop up which would be funny. Sometimes jets jokes would go a little too far and I would yell shut up and laugh and we would go back and forth saying no you shut up or how about no you shut up and I would always laugh it off and he would look at me like I was crazy but even when we were mad I always loved him dearly. One day he waited for me and my friends outside the bathroom at school and I wanted to cry because that was the sweetest thing I had seen him do. He was a jokester and would get in trouble in class sometimes but he and everyone else would just laugh and laugh. He was the person to go to if you ever needed cheering up from something or if you wanted to just laugh or just have fun he was always there. I am so sorry and my thoughts and prayers are with your family. I think about jet everyday and your family and this whole situation and I couldn't be more sorry and upset for your family's situation. He was so loved and I wish I had showed more. I believe that in someway he can see us and he knows how much we miss him and how much we really do care and love him. I know he knows. I send my love and thoughts and prayers to your family.

“ I miss jet so so much . I miss seeing His hair being all gelled up going straight up and having too tell him he needed to let me do his hair . I miss his jokes too make me happy when he could tell something was wrong , and especially when he would write me little notes on the back of some random Boy Scouts cards we found in class . jet impacted my life in plenty more ways than one . His bright, positive loving attitude that made me happy just seeing him . All the hilarious jokes jet made would just make our whole class stop and bust out with laughter ,our teacher would even have to stop class . I will miss his sweet face and smile for the rest of my life but I know he is with us ,each and every day 😊 rip jet zackary stoner 💚💚 prayers going out too you and your entire family and sending all my love 💚💚

“ My daughter, Ashleigh, had a few classes at Van Buren Middle School with Jet. Know that the Van Buren community is deeply saddened by the loss of Jet. My daughter has talked this week of all of the special ways they have remembered Jet at school throughout the week. She talked about how green was his favorite color and on Thursday they all wore green in remembrance of Jet. She also talked of how they created a memorial at his seat in art class. Although I did not know your son, I can tell that he impacted those he did know greatly with his infectious personality, sense of humor, and smile. Know that our home and the Van Buren Community has been saddened by your loss and that you are in the thoughts, prayers, and hearts of many as you heal from this great loss.

“ I distinctly remember when I had the pleasure of meeting Jet. He came for a sleepover at our house (Ori's dad's) in 7th grade, and I came home from work to be introduced to this adorable, ginger kid with the most perfect smattering of freckles across his nose. It didn't take long for Jet to endear himself to our entire family. He was simply easy to be around: funny, bright, friendly, kind. Jet was the kid who didn't mind when Ori's 4-year-old brother insisted on following the big boys around (Max still remembers wrestling and playing basketball with Jet in our basement), or when Ori's sister, Selah (a sixth grader then) couldn't stop chatting with him at the dinner table. He was so charming, in the very best way. Even in his sleepy state when I woke the boys the next morning after an Xbox marathon that lasted into the wee hours, he was simply a joy. From that point forward, seeing Jet was always a highlight.

*Friends can come and go in your kids' lives, but Jet was and is a favorite of mine--one of the best kids I've had the joy to meet. His time with all of us was far too short, and for that, we weep with you, and for you. We thank you for allowing us to be a part of Jet's life, for even a moment. I can promise you this: Jet Stoner will not be easily forgotten.*

*Our love and thoughts are with you, and all who loved Jet.*
