“ Miss Frame was the kind of teacher we all needed, then and now. She challenged us, she inspired us, she made us strive to reach higher in everything we did. Her standards were the highest. I learned so much in her classes; listening critically, note-taking, research, art, debate and the art of conversation. She would allow us to hold any opinion we liked as long as we could support our thinking with facts. And she taught us to cite the sources for those facts!
I hope I was half as good a teacher to my students as Miss Frame was for hers.
Heaven is a brighter place with her quick wit, big heart and endless intellect.
For everything she gave us, we are forever grateful. Rest In Peace.

“ May you rest in peace Judie. She was an exceptional teacher and I am thankful for the time I spent in her classes and how much I learned in those years. I also remember her leading our youth group at First Christian church and all the good times we had. She truly was an engaging and kind person.

“ God speed Miss Frame. She was a teaching great. I can't imagine how many students she inspired. She is the reason I became a journalist and a writer. Still have the letters she wrote me when I graduated.

“ One of a kind!! The memories of her teaching me, supporting my endeavors, announcing track meets, wrestling meets, and teaching about famous artists. She held all walks of life to a standard that serves me to this day. Man what a voice... She would yell ORRSKY - Quiet in class or get out in the hall!! If you ever wrote a report for her you remember that red marker in the library slashing through your paper. Hope ya passed..... and, If not, tougher days ahead!! She purchased me in the key club auction for a fundraiser - I waxed her car-a dodge dart-on a Saturday afternoon!! We need some tough love out there still. She will remain in all of our memories forever.

“ *Miss Frame taught me so much more than “English”. She taught me
the beauty and power of language and the importance of
researching your facts and presenting them honestly. She taught
me how to look at the world through art and why it is important in
our lives. She taught me many other things about life that I still
value today. Thank you, and rest well.*

Judie was such a wonderful lady. Really enjoyed working with her at CHS. Judie gave so much to FCC where I was a former member. It was such a delight to occasionally get a letter from her after I moved from Cambridge. Nancy Embree

Judy Frame was a teaching great. I still have the letter she wrote me when I graduated. She inspired me to become a journalist and a writer. I realize she was only 15 years older than me when I was her student. How many students she must have inspired over the years. God speed Miss Frame.

“ Such a well lived life. Full of love, laughter, and to many to count kind and loving deeds for others. Always enough patience to amaze even the saints! She leaves behind so many that were touched by her loving personality and never ending reaching out to anyone that needed a kind word. She was a dearly beloved friend to me and I will miss her weekly letters, the dropping off of her favorite meal of “ Liver & Onions” our crazy laughs together. I will miss her so very much but she is free from pain and in the Lord’s arms. One of the brightest stars ☆ Up in heaven .

She will be missed I had her for a few classes and my homeroom teacher my senior year. I remember just before I graduated she told me I was the first freshmen she ever liked

Usually in a lifetime, you might have a handful of teachers that make such an impact in your life that you remember them many years later. Ms. Frame was one such teacher. She was tough, but she was fair. If she pushed you, it was to get the best out of you. To this day, I'm not sure I would have made it through college without taking her Research Techniques class. She was truly a very special teacher and person. Thank you and rest easy.
