“ *I worked with Ann starting in 1972, but worked much closer with her when I started my Masters program at KSU in 1974. Then in 1977 I became a district media specialist and in 1983 high school librarian. She was a wonderful colleague and such a good friend to me as I found my way as a librarian. Ann was a complete and skillful professional, both as teacher and a librarian. She also had a great sense of humor. I am so happy that I knew her.*
