“ Kevin was precious and beautiful!

He was 5 FIVE days old, not four, as stated above.

This came up on a search--and said be the first to post. I have posted before--where did it go?

Kevin lived, but only five days here. He lives in heaven now, and can probably play the guitar now that Pap (Rev. Donald Glass) is now there with him. Dad, I miss you like crazy. Hate it that you're gone-- but so glad you now are together.

Kevin, enjoy your pappal and have him teach you to whistle. When it's my time to join you--you whistle for me like pap does. I miss your face you little sweetheart!!!

THANK YOU...for holding my hand!!!! The picture of it is in my front room...right beside the picture of Pap.
