“ I've stumbled on this site in search for family records. It's now May 28, 2012 and I am now 14 and going to high school in the fall. when you died a little over two years ago I was beside myself in grief, confusion, and guilt, but now, as time moves along, I'm doing much better. I guess I'm really only writing this to tell the people I no longer speak to, who were a major part of my dads life, that I'm doing OK and someday I would like to have contact with you. Well I do think that was all that needed to be said and I wish the best to anyone who takes the time to read this.
-Sincerely Tyler Michael Burris...
