“ I'm so very sorry & saddened to hear of Mike's passing. We went to high school together & I have a million great memories with him. Even though we haven't spoken in years, he always had a special place in my heart, and always will. He was such a sweet, sweet person and the world will be a little darker without him. Prayers for your family.

“ Since I heard the news I have had such a tremendous feeling of loss and sadness. I think it is a tribute to the man Mike was that so many of us from different back grounds and so many places mourn our friend. I was blessed to know Mike first as a mutual friend when I worked at signatures to a treasured person I looked forward to seeing every Saturday when I worked at classics the last few years. Many afternoon s we would play keno and shoot the crap as not a soul was in the bar but us. Such a zest for life and his friends. .he really talked or listened to so many trials I have had these last few years...we didn't text or call or even hang out but holy moly I will.miss our Saturday afternoons...rest easy my friend..I will miss you

“ *Mike,  
Most of the best memories in my life involve you. I was blessed to not only have you as a friend, but as a part of our family. I know how much you loved Olivia and she was proud to have you as her Uncle Mike and Godfather. I will miss your smile, your laugh, your "dancing" and you saying "holy mother of God" whenever you got frustrated. Our camping trips, ski trips and road trips always ended up with some kind of antics that led to a future story to be told. I will miss you dearly, there is a whole in my heart now in the shape of you. Love you always my friend,

“ *First to his son Zach, Mikey and I hung out everyday for many many years when you were to young to realize this but even though you lived hours apart I don't think a day went by that he didn't talk about you or wonder how you were doing. He will watch over you from heaven now and I hope you know how much he loved you.*

*My heart just sunk when I learned I lost one of my best friends and just have a feeling of being lost right now. I have so many amazing memories of our times together. Mikey had a personality and charm to him that was unbelievable. It was amazing to watch him walk into a room and turn any mood into a great time. People would be just drawn to him because he had a way of making everyone feel better and learn to laugh.*

*I miss my friend

“ *Mikey - you were a small boy when I first met you. I will never forget watching you grow up or hearing the sound of you screaming MOM at the top of your lungs when Timmy would torment you! Rest easy now in the hands of God and may your pain finally be gone. You are loved and will be missed by all of us that you left behind.*
