“ I had a rubber stamp and art store in Coshocton for seven years, and Molly was a regular customer of mine. She was such a pleasure to know, and had a good sense of humor I will never forget. A truly nice lady and friend.

“ Molly was my colleague for a time in Holmes County and her humor changed the agency for the better when she breezed in the door. Molly was quick of wit and sure of opinion. She was kind of heart and generous of spirit. I last saw her a bit over 2 years ago in Millersburg for the calling hours of our mutual friend and partner in eccentricity, Sarah Proper. If there is a gathering place beyond this life, then Molly and Sarah will have a lot of catching up to do. Perhaps knowing how many of us loved and appreciated Molly will comfort you today. “ I was saddened to hear of your sister and my friend Molly's passing. She had been in my thoughts a lot in the past weeks. I had planned to visit her only two weeks ago not knowing she may be sick and not at home. I will always remember when Molly and Roe were in charge of the family and the burnt brownies and cookies as well as the peanut butter and jelly sandwiches which we kids thought were delicious . I will also always remember and appreciate the kind words and her memories of my mother, which she shared at my mother's funeral only three years ago. Please know that she will always be one of my pleasant memories as will all of the Kelly family and that others care and share your loss.

I was saddened to hear of the passing of Molly. She and I met at summit county welfare in 1971 when she was my supervisor. We became friends and that friendship has enriched my life. We shared many interests and enabled one another to buy More stamps, paper and beads than 100 people would need. She will be sadly missed. If possible I would like to be called at 330 929-3958. Molly and I attended Warren Wilson College together 50 years ago. I have 50 years of letters, and we shared writing over time. I miss her incredibly. We last spoke about two weeks prior to her leaving us and I just learned of her death when I found that her phone was disconnected. She passed on the day my daughter came home from surgery. I have the card she sent us cheering us on. My heart is with you in the family whom I recall meeting many,many years ago Blessings.
