“ Dave was one of those people who make a difference in your life and many others in the simplest of ways Support and encouragement I still remember in high school him running down the sidelines and giving both of them I didn't know who he was at the time , but I asked because it made an impression on me Seems he did that a lot for many years, for That is who he was . I saw him a few times over the years and it was the same Dave as decades before. The Buckeye Trail community lost a great one
