*“ It will be hard to go to the Dialysis Center without Becky being there. She had so many good stories to tell and her mind was wonderful, which is what I will miss the most. She was sharp and her wit was unreal. Most always she was in good spirits and would make others feel good. It was a shame that it took so long to get her in the hospital to take care of her painful foot. That was really the only time I heard her complain. We loved her and will miss her.*
