“Wow... I'm still confused about all of this and hurt too, you are my brother and I miss you more and more as time goes by. I can't believe it's been little over 3 years since your passing for it still seems like yesterday. Life for me hasn't been the same since your passing, it just doesn't hold the same value nor am I looking forward to days ahead. I know you are with me in spirit but I just want you to know brother that these days do not get any easier. I haven't spoke to your mom or sis in a while but I know there is a place in their heart that is missing you a lot. I don't you the friend word lightly I only use it when it is a true friendship and that my brother we have. I hate to talk in past tense when it comes to you I guess because I do not want to let go, every time I look at Preston's picture I see you. We have lost many more people we grew up / went to school with people I never thought in a million years would pass in the manner that they have but there's 2 people I ask you to speak to in heaven and that is Connie and my brother in law Travis Shaver, tell them I love and miss them and I can't wait until we reunite in heaven. I'm writing this like I'm talking to you and I still have tears over your passing , some people may read this and think it's strange but I don't care what they think nor do I think you do either, brotherhood doesn't come often and when it does it's hard to let go. Tammy if you are reading this please give me a call any time I'm sorry I lost contact with you but my life is complicated and has been . Please call me # 513-462-8390. Until we meet again.

“ I met Robert for the first time in Cambridge just days before he married my daughter Connie. I live in Salt Lake City so I didn't get the opportunity to spend more time with him and his family. Robert always impressed me as a good man, husband, and father. I will sadly miss him. For reasons I hope I'll learn someday Preston's mom & dad are again together, even as it seems they have been taken from us and we will miss them on this brief physical plane of life. I know they will be watching their son from a better place. I know that Preston is well on the way to becoming a gentleman and will make his parents shine as they are in heaven. It is a short life and we all will be together soon with the love our hearts carry for each other. It is not time for you to rest Robert, just as it is not time for Constance. Continue to grow as in the creators plan. My life is better for you having been a part of it. God speed to you Robert.

The first time I met you I instantly liked you ! Such a super nice guy and what stood out the most about you .. is you could always tell how much you loved and adored that little boy of yours ! Every time I saw you he was always with you. I remember thinking , WOW ! He must be a really good dad and wishing I was just a little bit younger ,then I would just snag you up! Rest in peace my friend,God is keeping you safe in his arms.

“ Robert will be missed by so many. I will forever cherish all the great times we had growing up together as children and in our adult life. Boy the stories and fun we had. Sitting in the backs of the trucks watching all our parents party it up at Bob and Ben's. I could go on and on. Please always remember all the good in Robert. Give uncle Ray a hug for me, I'm sure he's giving you hell.....until we meet again my frined.....with love....Amber
