“ So sorry to hear of Wayne's passing. I remember Wayne as far back as kindergarten, running around the neighborhood, camping by the creek, delivering our papers, playing basketball, high school graduation, and driving back and forth to Belmont Tech together. He was one of the good guys. He will be missed.

“ Sorry for your loss. I first met Wayne when I joined the National Guard unit in Cambridge. After they closed the Cambridge Armory, I transferred to the 1485th in Dover. I met back up with Wayne when I started working at NCI in 1997. He was the driving force in winning the grievance against the state in getting our date of enlistment into the Guard to count as our beginning state time. This credited us Guard members with additional credits towards vacation accrual rates and longevity pay. Our own union didn't really even support the grievance. Wayne did all the research, filing the grievance and presenting the case during arbitration. Of course after winning the case, the union wanted to take credit for it. LOL. Wayne also installed the air conditioning in my house which made my wife much happier. Thanks again Wayne.....Brian Beal

I first heard of Wayne and how 'ornery' he was. I remember playing the organ when he and Robin got married and found out then she was related to good friend at RCA, Carol Carter. You have my condolences. Mary (Burriss) Jackson-Srode God Bless all of you.
