Hi Abby , you probably don't remember me , I'm your Dad's Ex-Wife Heather who is also your half brother Darwin's Mom . I wanted to let you know that your dad adored and loved you dearly . We use to have you over on the weekends when we lived in Cleveland and you would follow him around like his mini shadow . I know for a fact he would of enjoyed being a Grandpa because he did truly love his own kids . Don't quote me on this statement but I'm pretty sure he named his business after you . Billy was a softy when it came to his own children , he is definitely smiling down from heaven on you and your accomplishments and he would of been proud .

Hi Heather and Cousin Larry, yes even till this day I feel my Dads love and presence. I remember very little of him but somehow I always had this feeling that I was loved by him and I know he's with me every step of the way since he's passed. I follow Darwin on instagram, he's got to be the coolest ever. I don't remember if I have ever reached out to him but I been following him and watching his adventures since about the time our Dad passed.

“ 13 years have past now, really 33 since I last seen you. Your Grandkids are all so big now, I have two High School kids this year, a 3rd grader and your only Grandson is now a kindergartner!!! As years go by, I wonder what it woulda been like having you in my life. It's sad to think that you were around 20 years after i last seen you. 20 years that I coulda seen/met/ bond with the other half that created me. I wish that last year I was finally back in Ohio that I would've sought you out. With today's technology and my skill I coulda done that in the drop of a hat. I love you forever, your Daughter Abby Marie💙

“ Now 12 years gave past, you now have two more grandkids, Giselle(7) and Leo(5). Audrey and Jasmyn are now teenagers at 16 and 13. I sometimes wonder what it would be like to have a dad in my life. What would it have been like to know you. We have various things around our house to remind us of you every day, the kids all know of you. Leo is really into tools and such, I think he would've been your little buddy. Love, Abby
